PMC Managers Portal

Trainee Handbook — From Zero to Confident User

A step-by-step, screen-by-screen walkthrough of the entire portal.

PMC Managers Limited · August 2026
www.pmcmanagers.com

Welcome!

This handbook takes you through the PMC Managers portal exactly as you will see it. Read each chapter in order — by the end you will be able to log in, navigate every module, publish a tender, review a bid, and send an award for signature.

> *Estimated self-training time: 4–6 hours across 2 days.*

Chapter 1 — Before You Start

- A modern browser (Chrome, Edge, or Firefox — latest version).
- A stable internet connection.
- Your login credentials (provided by your admin).
- This handbook open on a second screen or printed alongside you.

Portal URL: https://www.pmcmanagers.com

Chapter 2 — Logging In

Step-by-step:

- Open https://www.pmcmanagers.com in your browser.
- Click the “Login” button at the top-right of the landing page.
- You will land on the unified `/login` screen.
- Enter the email address given to you (all lowercase).
- Enter your temporary password.
- Click “Sign in”.
- On first login you will be prompted to change your password — use at least 12 characters with mixed types.
- You land on the dashboard matching your role (Admin / Staff / Vendor).

Troubleshooting:

- Forgot password → click “Forgot password” on the login screen.

- Locked out after 5 failed attempts → wait 15 minutes or contact adminsupport@pmcmanagers.com.
- Blank screen → hard refresh (Ctrl + Shift + R).

Chapter 3 — The Dashboard at a Glance

The dashboard is your control tower. Every trainee should be able to name each region before moving on.

Region	What it shows
Top navigation bar	Logo, module tabs, notifications, profile
Left sidebar	Quick links to modules (collapses on mobile)
Main panel	The active module's content
KPI cards	Live tenders, open bids, pending approvals
Activity feed	Recent actions across your organization
Profile menu	Change password, log out, switch tenant

Chapter 4 — Notice Board

The Notice Board is the public face of every tender.

Practise these tasks:

- Open the Notice Board tab.
- Filter tenders by status: Open, Closing Soon, Closed, Awarded.
- Click any tender card to see its full brief.
- Locate the “Download RFP” button.
- Note the closing date and EMD amount.

Chapter 5 — Vendor Registration

This is how new suppliers onboard. Walk through each of the three sections so you can guide a vendor over the phone.

- **Section A** — Company details: legal name, tax ID, address.
- **Section B** — Documents: incorporation, tax, bank letter (PDF/JPG < 10 MB).
- **Section C** — UNSPSC categories for goods/services supplied.
- Submit — the vendor moves into KYC review status.

> *Admin action: approve or return-for-correction from the Vendor Management panel.*

Chapter 6 — Package Tracker

Every tender is a “package”. The tracker shows exactly which stage each package is in.

- Open Package Tracker.
- Read the horizontal stepper: Draft → Published → Bidding → Evaluation → Award → Signed.
- Click a package to drill into documents, bidders, and status history.

Chapter 7 — Bidding Management

Vendor flow:

- Open a tender from the Notice Board.
- Click “Submit Bid”.
- Pay EMD via Stripe (sandbox card 4242 4242 4242 4242).
- Upload technical + commercial envelopes.
- Confirm submission — you receive a unique Bid ID.

Admin flow:

- Open Bidding Management → select the tender.
- Wait until the closing time, then click “Open Envelopes”.
- Review each bid; scores are entered in the Evaluation module.

Chapter 8 — BOQ Builder

- Open BOQ Builder inside the tender you are drafting.
- Click “+ Add Line Item”.
- Enter description, unit, quantity, and rate.
- Attach the correct UNSPSC code from the picker.
- Save — totals auto-calculate.
- Export the BOQ as PDF or Excel using the top-right menu.

Chapter 9 — Evaluation & Contracts

- Open Evaluation → pick the tender.
- Enter technical scores for each bidder (0–100).
- Enter commercial scores — the system computes the weighted total.
- The top-ranked bidder is highlighted.
- Click “Award” — a draft Award Letter and PO are generated.

Chapter 10 — Awards & Digital Signature

This is where PMC differentiates itself — award documents can be sent for legally binding e-signature directly from the portal.

- Open Awards → pick the awarded tender.
- Preview the Award Letter and Purchase Order documents.
- Click “Send for Signature” on the document card.
- Choose delivery method: **Embedded** (in-browser) or Email.
- For the investor demo, always use Embedded — sandbox blocks external emails.
- Recipient signs; status auto-updates via DocuSign webhook.

Chapter 11 — AI Audit Copilot

- Open any tender document.
- Click the “AI Audit” button on the toolbar.

- The copilot summarises the document, flags risky clauses, and suggests improvements.
- Copy the suggestions into your evaluation notes.

Chapter 12 — Vendor Intelligence

- Open Vendor Intelligence.
- Search a vendor by name or tax ID.
- Review their performance score, past awards, and risk flags.
- Use this before shortlisting on high-value tenders.

Chapter 13 — Profile & Security

- Click your avatar in the top-right corner.
- Choose “Change Password” — enter old + new password.
- Enable “Notification Preferences” to control email alerts.
- Always log out on shared computers.

Chapter 14 — Trainee Daily Checklist

- Log in and skim the KPI cards.
- Check pending vendor approvals.
- Review tenders closing within 48 hours.
- Confirm no bids are stuck in “Awaiting Envelope Open”.
- Verify DocuSign envelopes have refreshed status.
- Log any anomaly in the internal ticket tool before leaving.

Chapter 15 — Glossary

Term	Meaning
Tender	A formal invitation to submit an offer
RFP	Request for Proposal

Term	Meaning
RFQ	Request for Quotation
EMD	Earnest Money Deposit
BOQ	Bill of Quantities
UNSPSC	United Nations Standard Products & Services Code
KYC	Know Your Customer verification
PO	Purchase Order
Envelope	Sealed set of bid documents (technical / commercial)

You Are Ready!

Complete Chapters 1–10 in your first sitting. Practise Chapters 11–14 in the sandbox environment before touching production data. When in doubt — ask, don't guess.

Welcome to the PMC Managers team.
