PMC Managers v2

Screenshot-based Training & Testing Manual · v1

Walkthrough of every substantive screen in the portal — public landing → tender board → vendor registration → admin login → each admin tab → sign out. Every page shows a live screenshot, a narrative, a step-by-step testing checklist, and the exact `data-testid` selectors your QA team or Playwright suite can hook into.

Deliver this manual to:
· Trainee operations staff
· External QA / penetration-testing teams
· Investor code review reviewers

Step 1 · Public landing page

URL · https://www.pmcmanagers.com/

WHAT THIS SCREEN IS FOR

Anyone who lands on the portal domain sees the tender-hub marketing page: brand identity, the four service lanes, and the top-right Sign in / Register CTAs.

TESTING CHECKLIST

#	Test step	Expected outcome
1	Open the portal root URL in an incognito window	Hero + Notices/Register/Sign-in in top nav render without a horizontal scroll on 375
2	Tap the language switcher (EN → RU → KK)	Copy translates immediately; no console errors

PLAYWRIGHT / DATA-TESTID REFERENCES

`topbar-brand` · `nav-notices` · `nav-register` · `nav-signin`

Step 2 · Public tender board

URL · https://www.pmcmanagers.com/notices

WHAT THIS SCREEN IS FOR

Public list of every published tender/RFP/RFQ across all tenants of the portal.

TESTING CHECKLIST

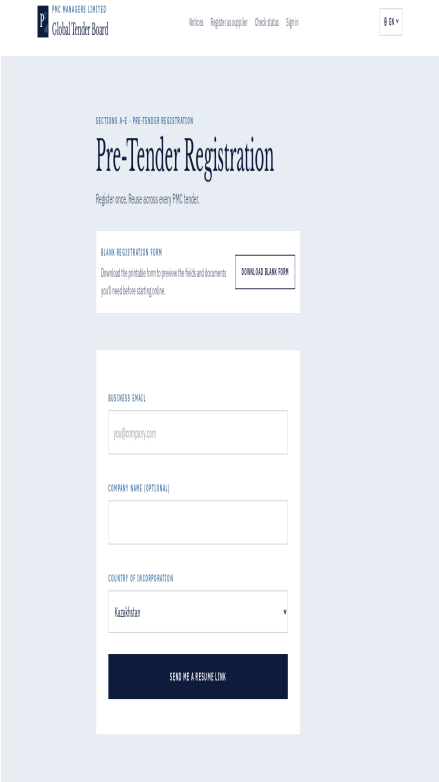

#	Test step	Expected outcome
1	Verify at least one PUBLISHED notice appears with title + closing date + budget	Cards render; DRAFT notices are hidden
2	Click a card to open the Notice Detail	Detail page shows description, deadline, downloads and QA thread

PLAYWRIGHT / DATA-TESTID REFERENCES

`public-notice-card`

Step 3 · Vendor registration — start

URL · https://www.pmcmanagers.com/register

WHAT THIS SCREEN IS FOR

Section A (Identity) is the entry point. As soon as the vendor picks a file for any slot, a silent draft is created so nothing is lost.

TESTING CHECKLIST

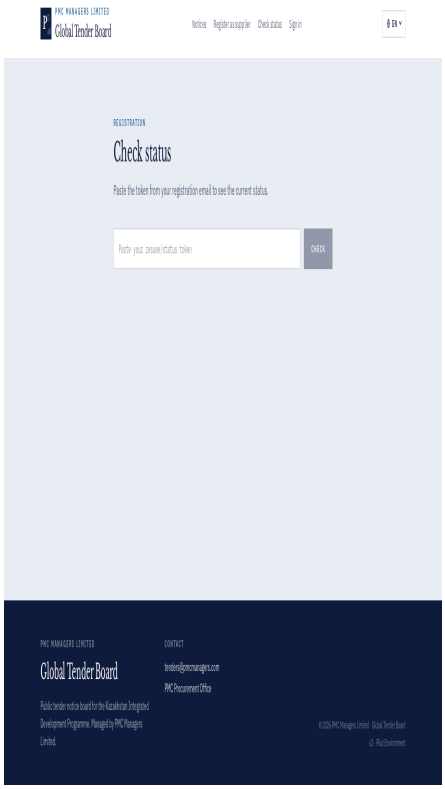

#	Test step	Expected outcome
1	Fill Section A (Company name, contact, email, phone, country)	Continue button unlocks once required fields are valid
2	Attach a KYC doc to the ID slot	File uploads with progress; a resume-link toast appears

PLAYWRIGHT / DATA-TESTID REFERENCES

`reg-section-a` · `reg-continue`

Step 4 · Vendor registration — check status

URL · https://www.pmcmanagers.com/register/status

WHAT THIS SCREEN IS FOR

Any vendor with the emailed resume-token can paste it here to see current status without logging in.

TESTING CHECKLIST

#	Test step	Expected outcome
1	Paste an invalid token	Toast: 'Token invalid or expired — request a new resume link…' (Bug 7 fix)
2	Paste a valid token	Status card shows stage + reviewer notes + submission timestamp

PLAYWRIGHT / DATA-TESTID REFERENCES

`status-token` · `status-check` · `status-result`

Step 5 · Admin login page

URL · https://www.pmcmanagers.com/admin/login

WHAT THIS SCREEN IS FOR

Dedicated admin login. HTTPOnly-cookie based, CSRF double-submit.

TESTING CHECKLIST

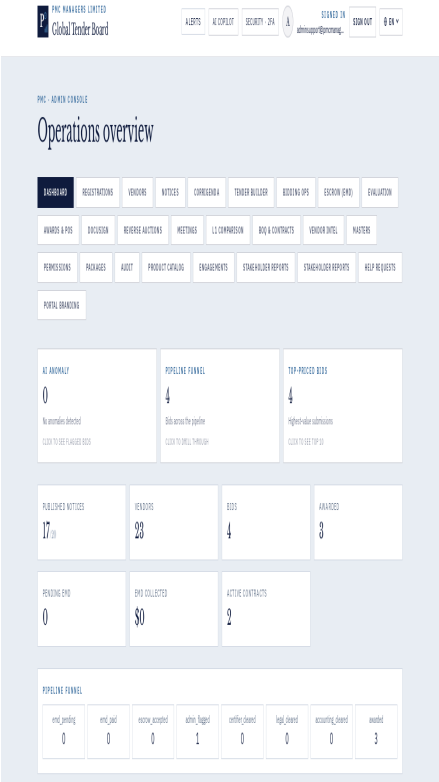

#	Test step	Expected outcome
1	Try login with wrong password	Toast surfaces backend error; no console stack trace
2	Try login with correct credentials	Redirect to /admin dashboard within 1s

PLAYWRIGHT / DATA-TESTID REFERENCES

`admin-login-email` · `admin-login-password` · `admin-login-submit`

Step 6 · Admin console · Analytics

URL · https://www.pmcmanagers.com/admin?tab=analytics
