PMC Master Training Manual

Role-based course with screenshots, steps and practice tasks

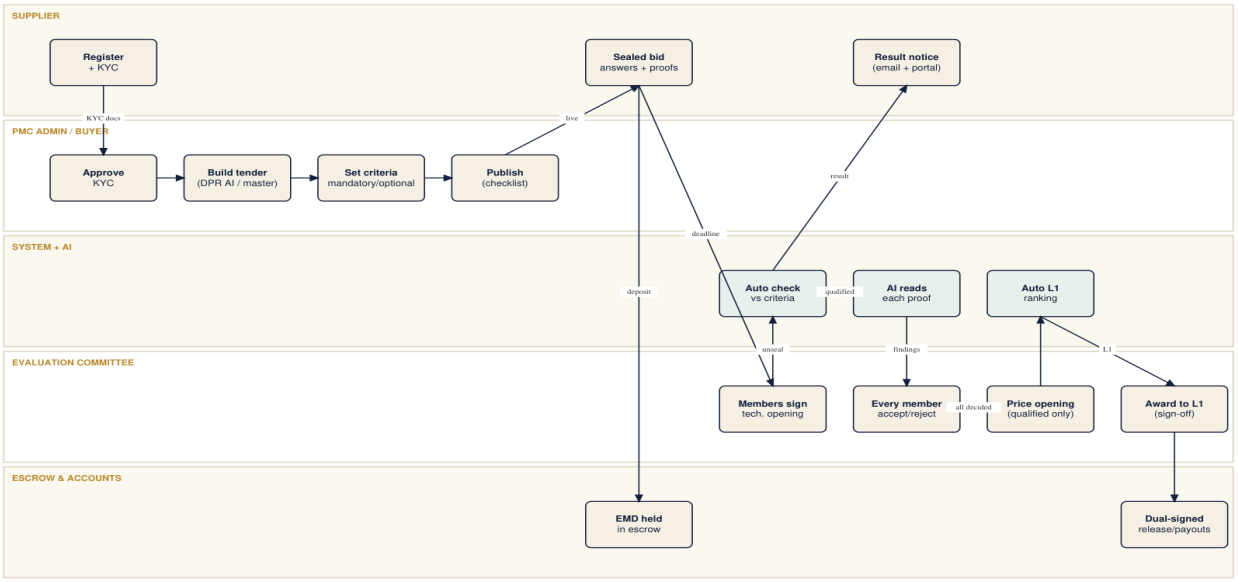

Version v59 · 01 November 2026

Course map

Module	Who
Module 1 — Getting started (everyone)	All users
Module 2 — Supplier onboarding and KYC	Supplier, Admin
Module 3 — Building a tender	Admin / buyer
Module 4 — Setting criteria	Admin / buyer
Module 5 — Publishing	Admin
Module 6 — Bidding (supplier)	Supplier
Module 7 — Consortium bids	Supplier, Admin
Module 8 — Opening, AI proof review and doubts	Committee
Module 9 — Price opening, L1 and award	Committee, Admin
Module 10 — Escrow and payouts	Escrow officer, Accounts
Module 11 — Partners	Partner, Admin
Module 12 — Monitoring, governance and audit	Admin

Practise on the preview (demo) site with the demo accounts your PMC administrator gives you. Never practise on live tenders.

PMC tender lifecycle — process flow

- Lanes show who acts. Green boxes are automatic (system or AI). Bids stay sealed until the committee signs each opening.
- A bid qualifies if it meets every mandatory criterion and at least the minimum number of optional criteria; the AI only flags proofs, the committee decides (all must accept).
- Price opening is blocked until every proof is decided; L1 runs automatically; award needs certifier, legal and accounting clearance.

PMC Managers · PMC tender lifecycle — process flow Page 1

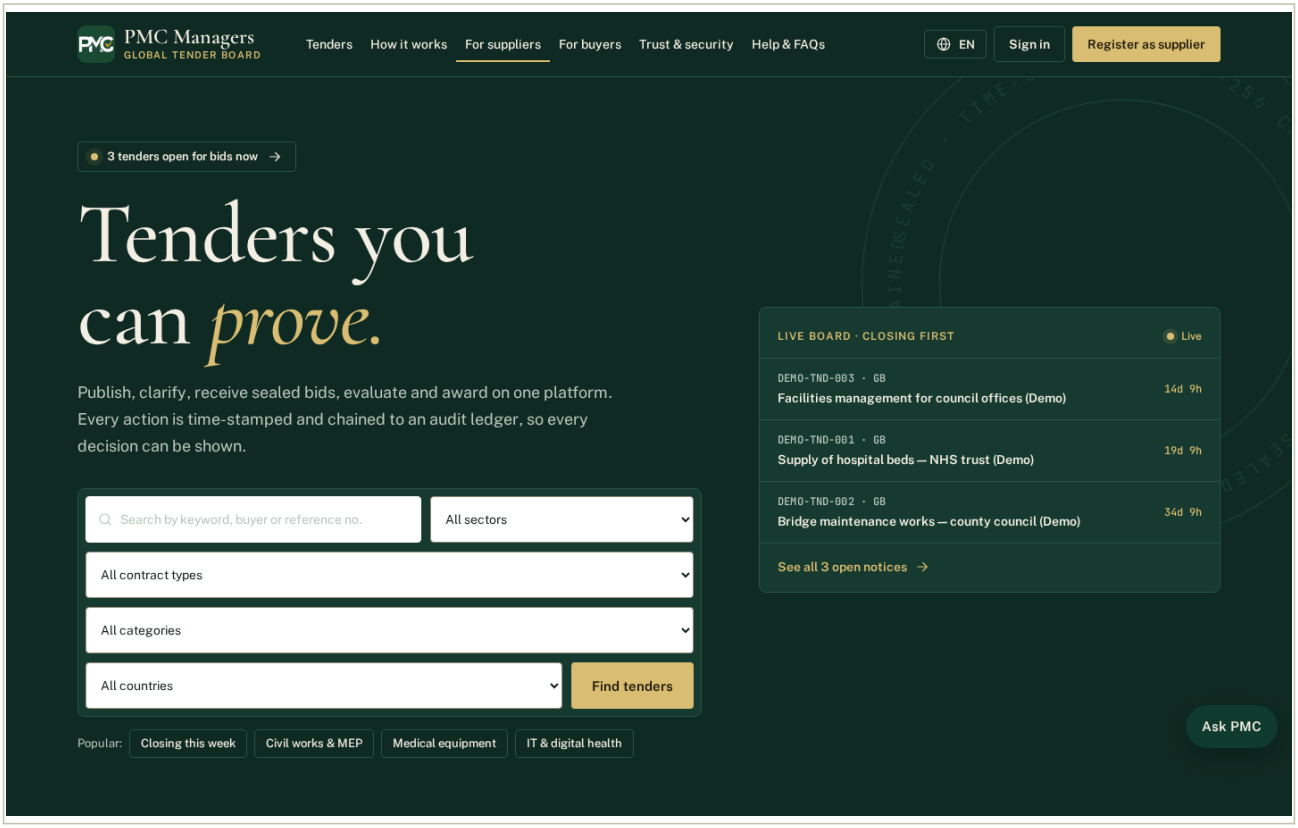

Module 1 — Getting started (everyone)

For: All users

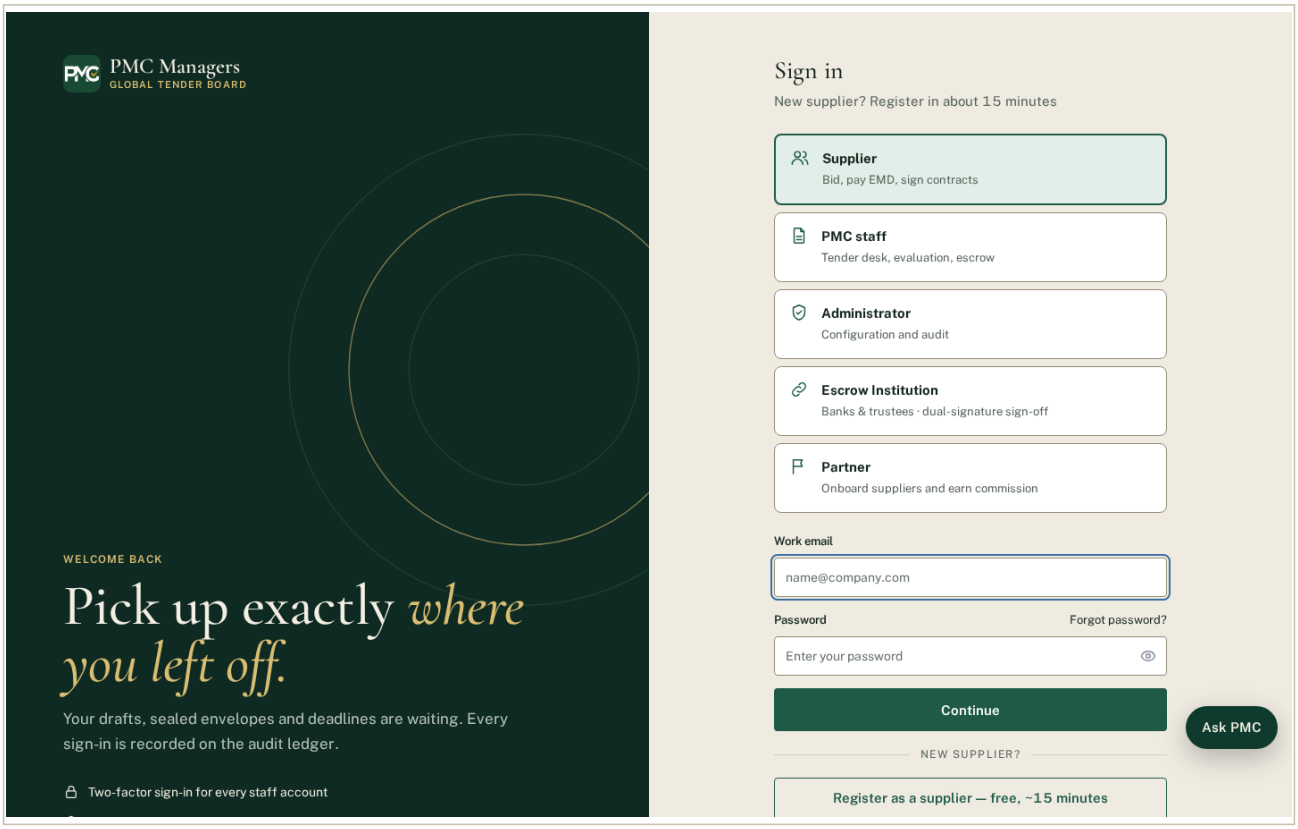

Steps

1. Go to the PMC website and click Sign in.
2. Choose your role (Supplier, PMC staff, Admin, Escrow institution or Partner).
3. Enter your email and password. Use Forgot password if needed.
4. You land on your own portal. Your avatar menu (top right) has profile and sign-out.

Home page

Sign in

Practice tasks

- Sign in to your portal
- Find your avatar menu and sign out

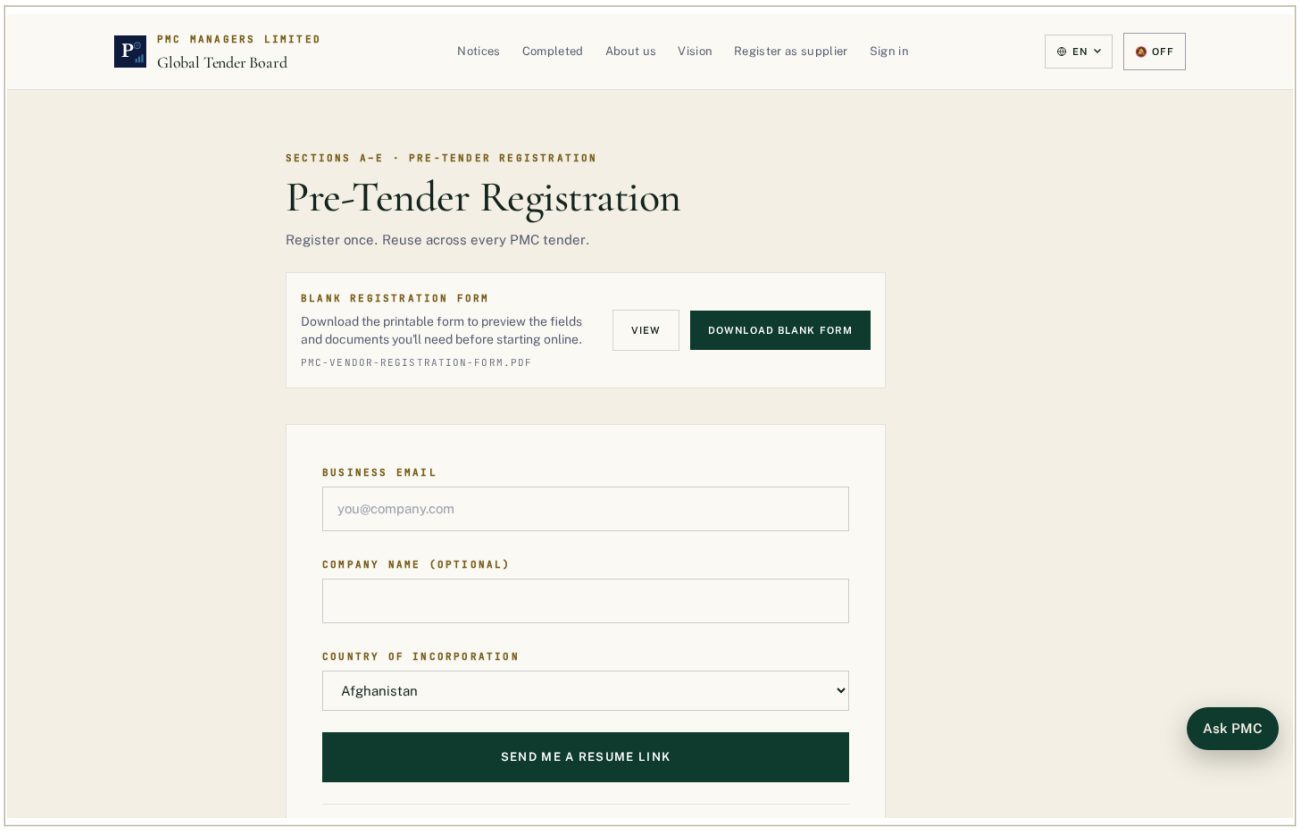

Module 2 — Supplier onboarding and KYC

For: Supplier, Admin

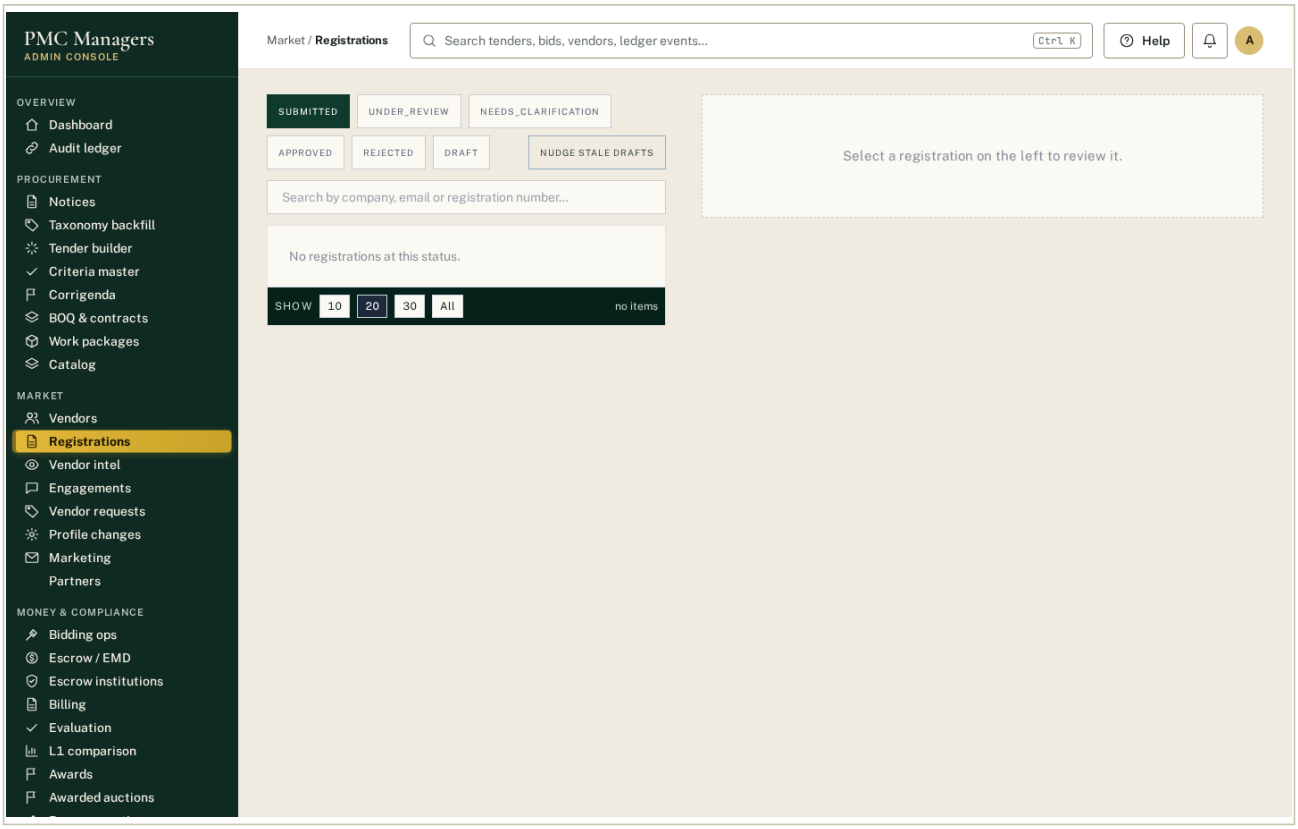

Steps

1. Supplier registers with company details and verifies the email.
2. Supplier uploads KYC documents under Company profile.
3. Admin opens Registrations, checks the documents and approves, asks for changes or rejects with a reason.
4. Only verified suppliers can bid.

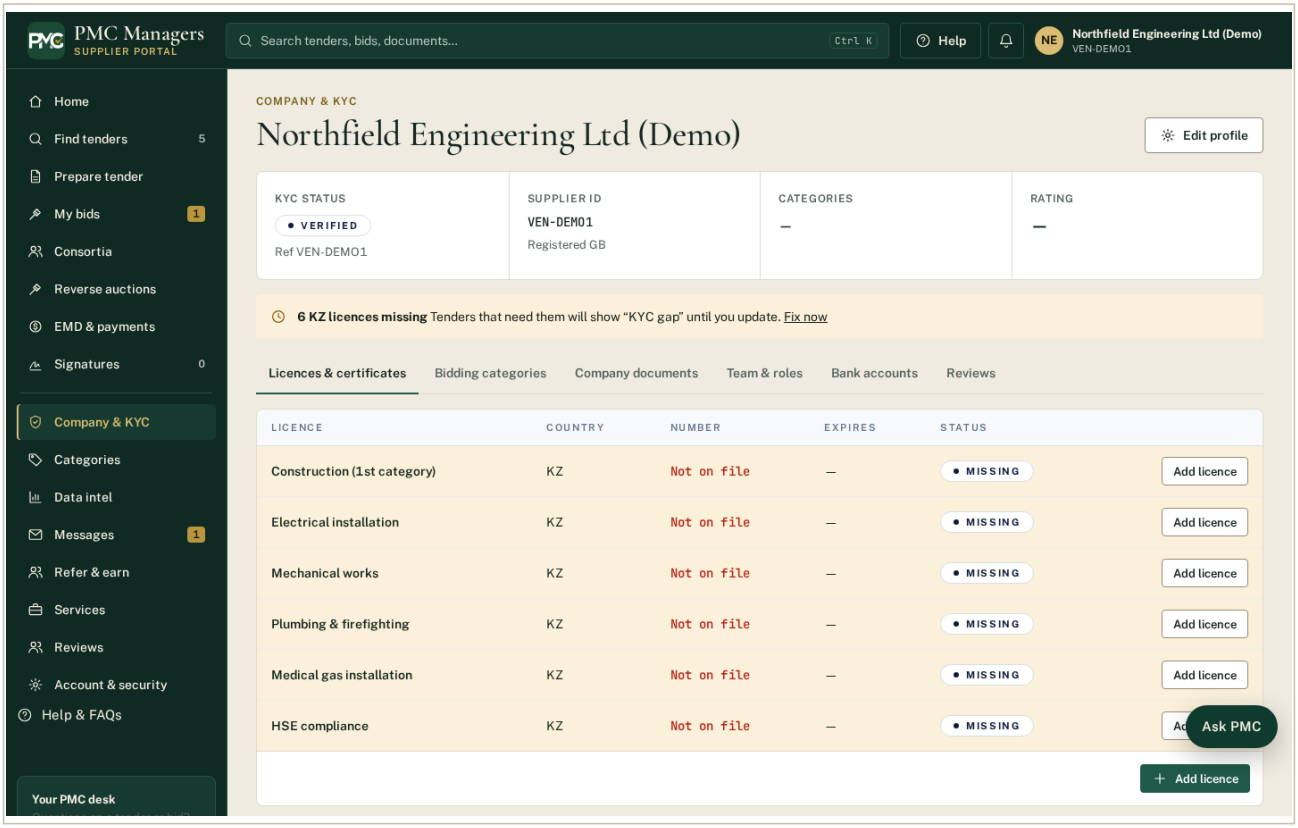

Supplier registration

Registrations

Company profile & KYC

Practice tasks

- Approve one test registration
- Ask a supplier for a missing document

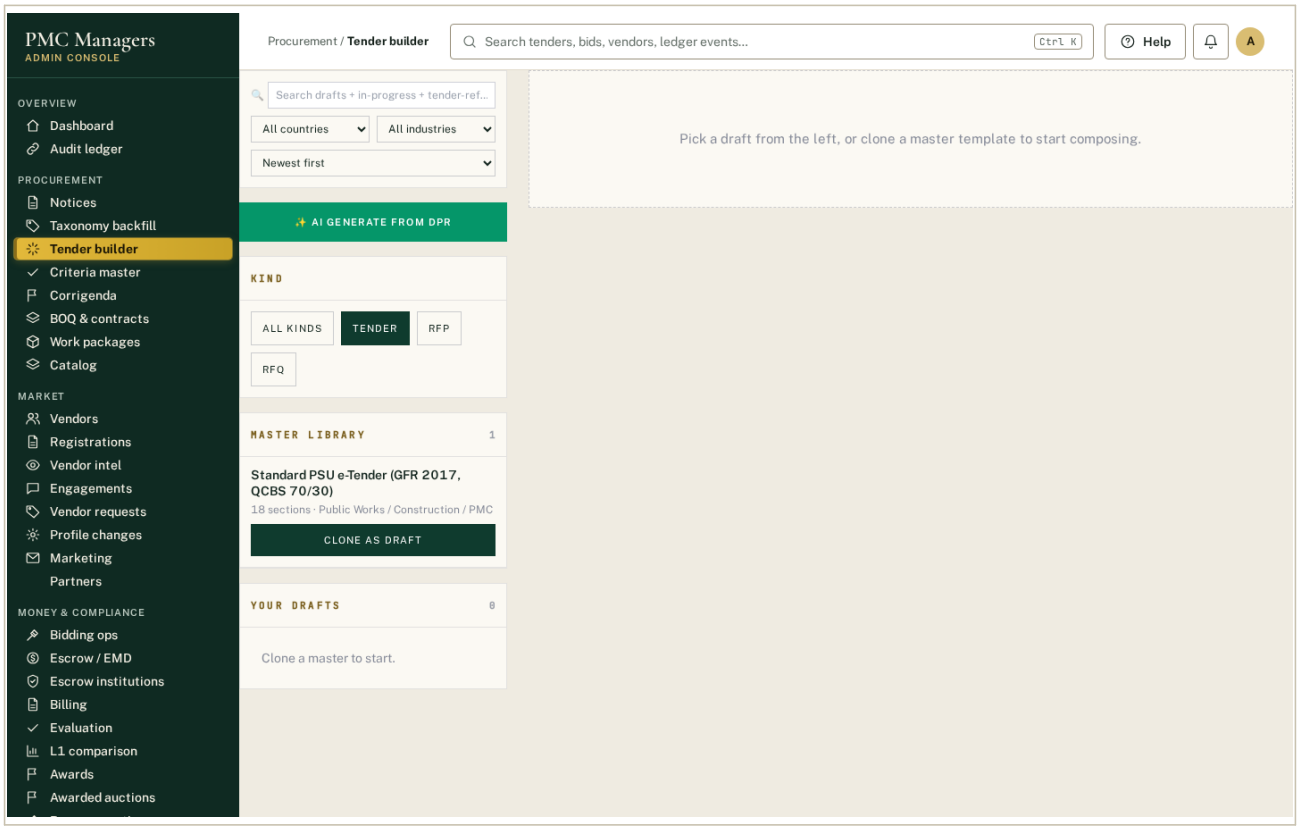

Module 3 — Building a tender

For: Admin / buyer

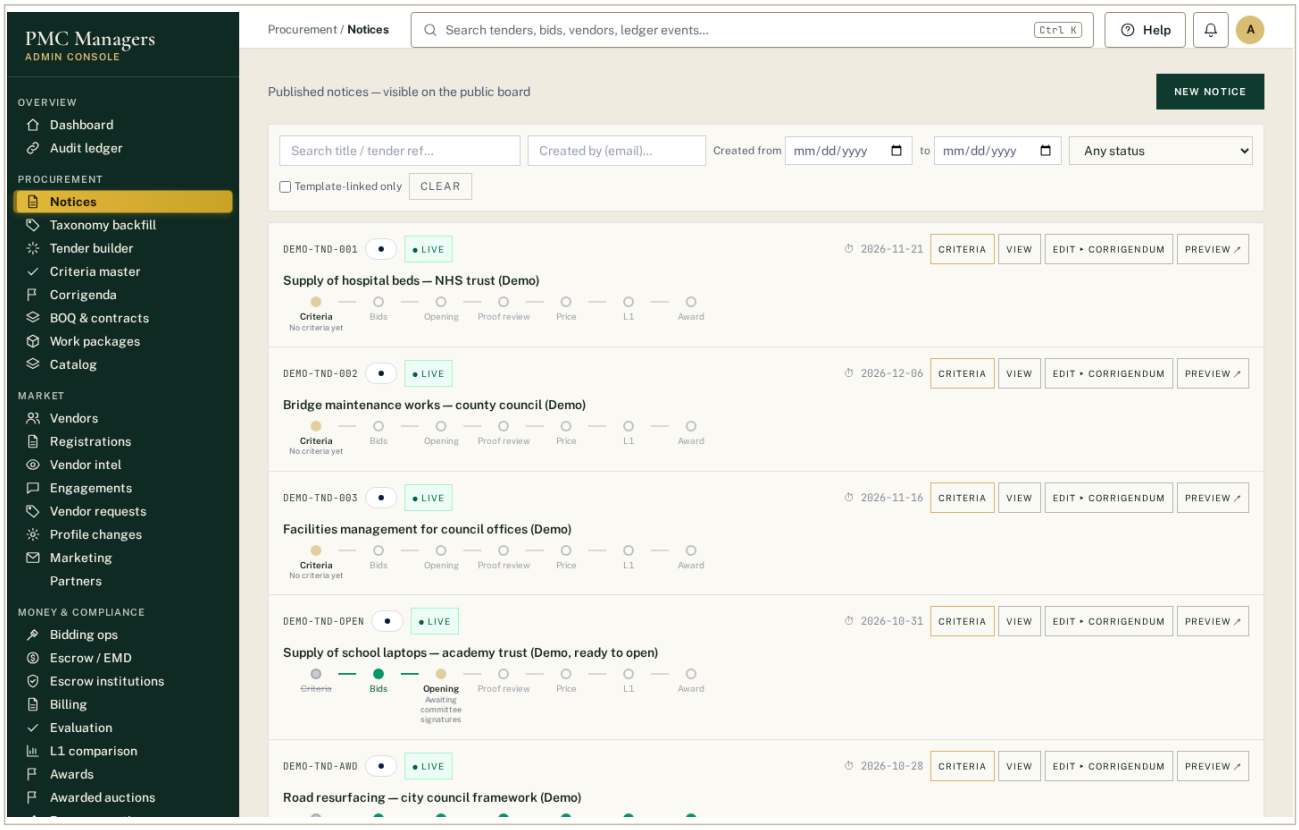

Steps

1. Open Tender builder. Choose AI generate from DPR (upload the project report) or clone a master template.
2. Review every section the AI drafted; fix anything highlighted.
3. Click Create notice. The notice is saved as a draft and the Criteria window opens.

Tender builder

Notices

Practice tasks

- Generate a tender from a DPR
- Create a notice from the draft

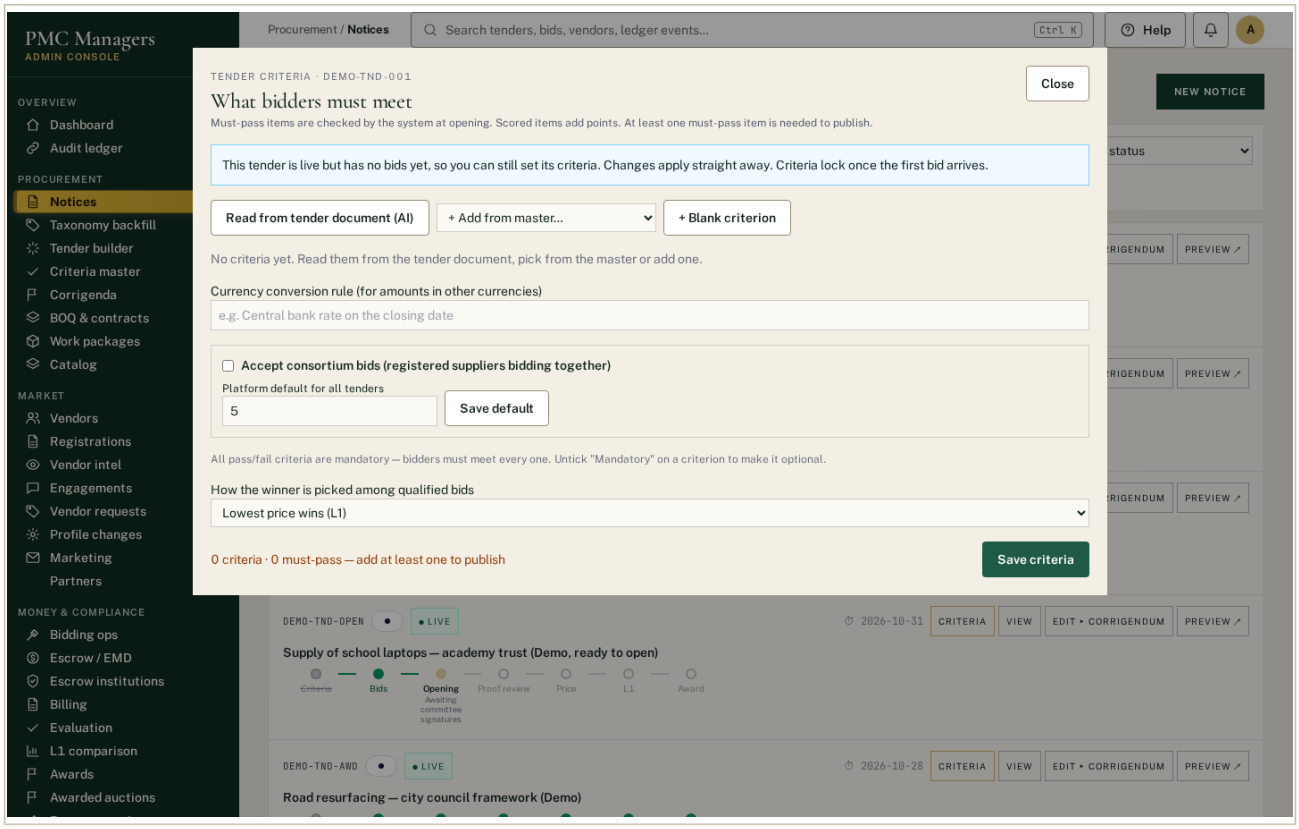

Module 4 — Setting criteria

For: Admin / buyer

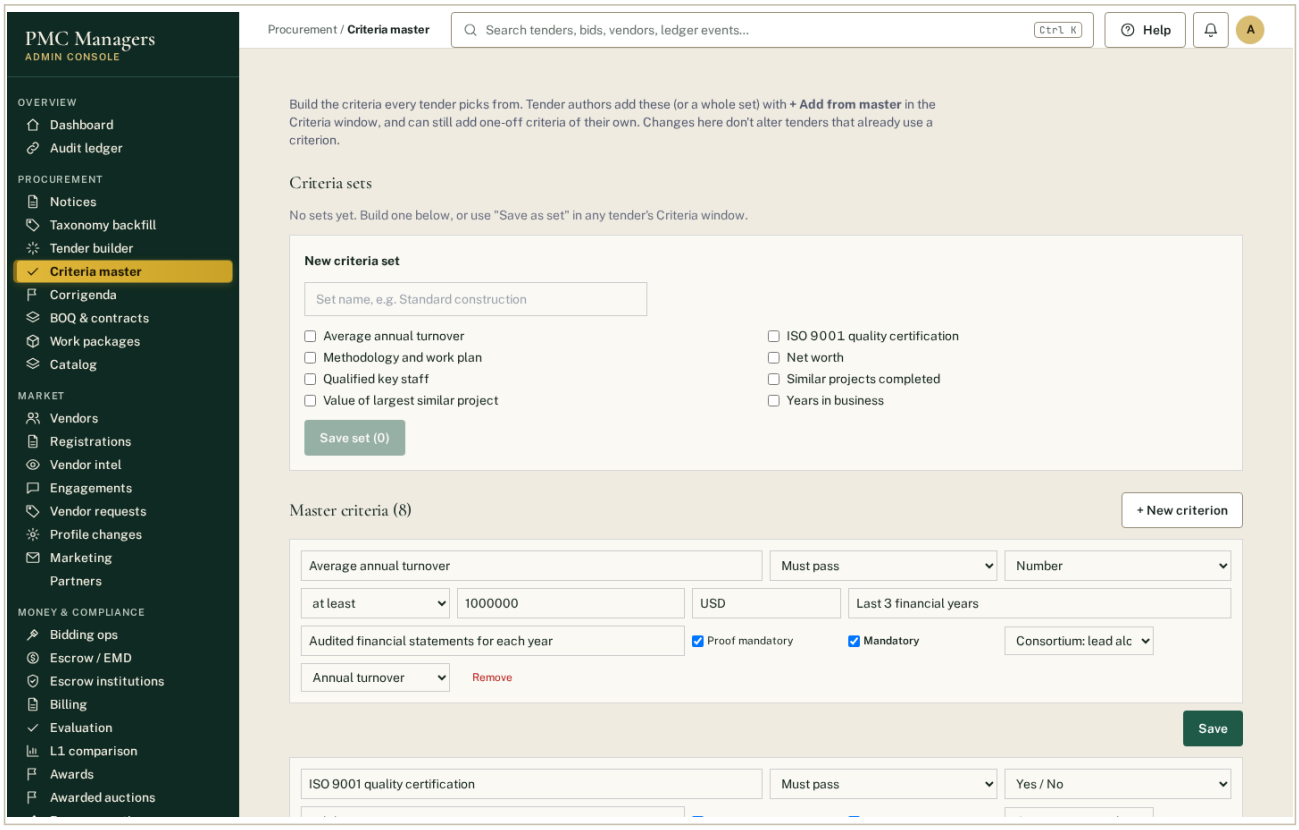

Steps

1. In the Criteria window click + Add from master and pick criteria or a whole set (e.g. Standard construction). Add one-off criteria with + Blank criterion.
2. For each criterion choose Must pass (pass/fail) or Scored, the rule (e.g. at least 500,000 GBP), proof asked for and whether proof is mandatory.
3. Tick Mandatory for criteria every bidder must meet. Leave it unticked for optional ones and set 'at least N of the optional criteria'.
4. Choose how the winner is picked: Lowest price (L1) or Weighted. Tick Accept consortium bids if teams may bid.
5. Click Save criteria, then Check against tender document (AI). Save useful combinations as a set for next time.

Criteria window

Criteria master

Practice tasks

- Build a criteria set in Criteria master
- Set 3 mandatory + 2 optional criteria with 'at least 1 optional'

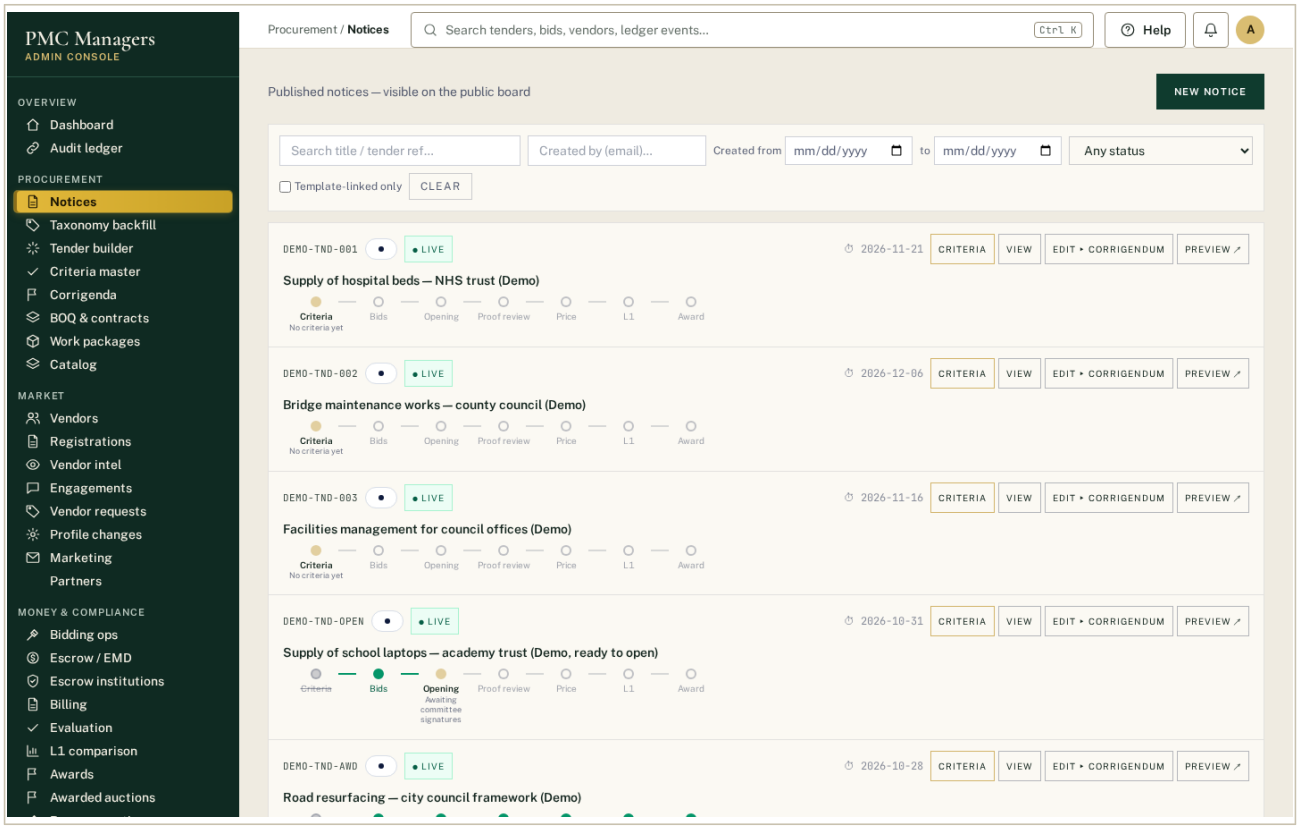

Module 5 — Publishing

For: Admin

Steps

1. Each draft shows 'Ready to publish?': main document attached, deadline in the future, at least one must-pass criterion.
2. Fix anything not ticked (Add now opens the criteria). When all three are ticked, click Publish in the checklist.
3. Live tenders with no bids can still have their criteria changed; once a bid arrives they lock. Use a corrigendum for other changes.

Notices

Practice tasks

- ■ Publish a draft
- ■ Issue a corrigendum

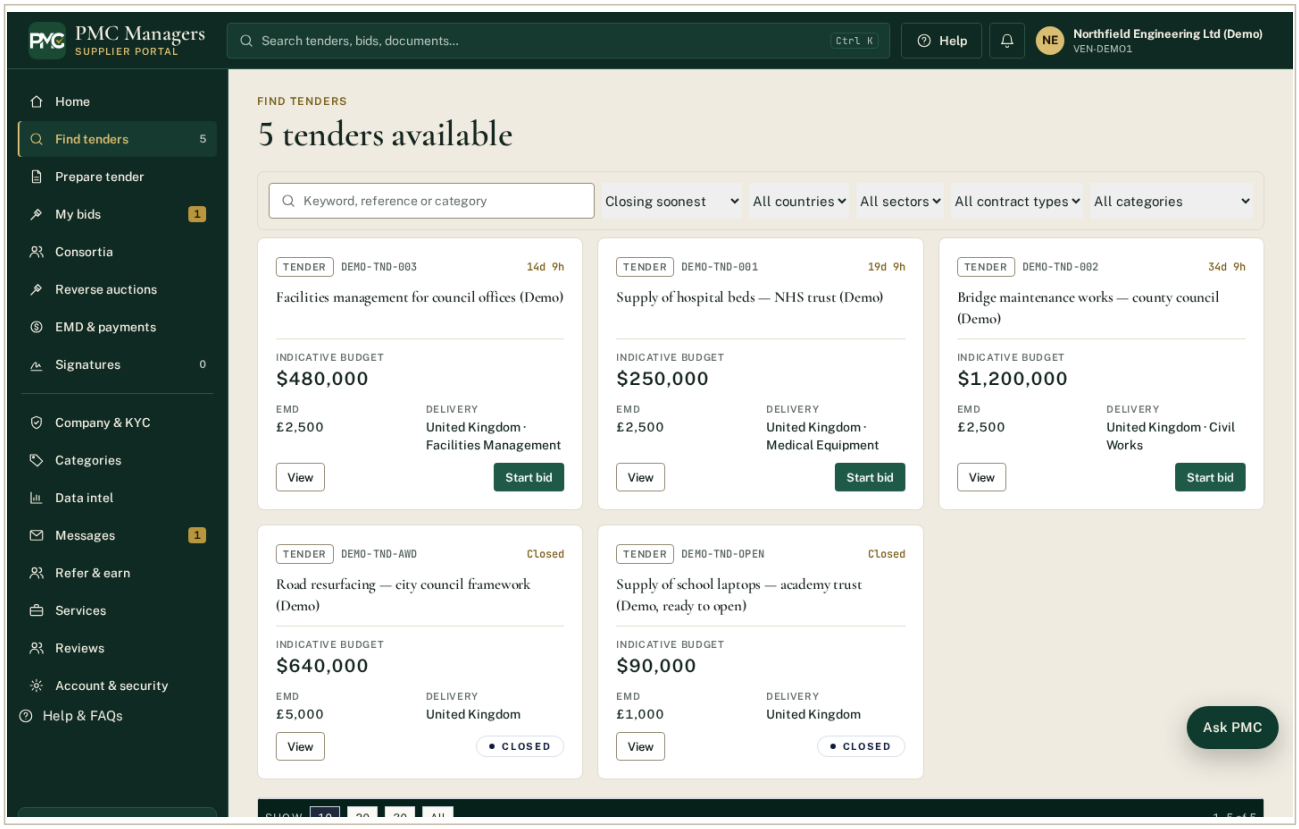

Module 6 — Bidding (supplier)

For: Supplier

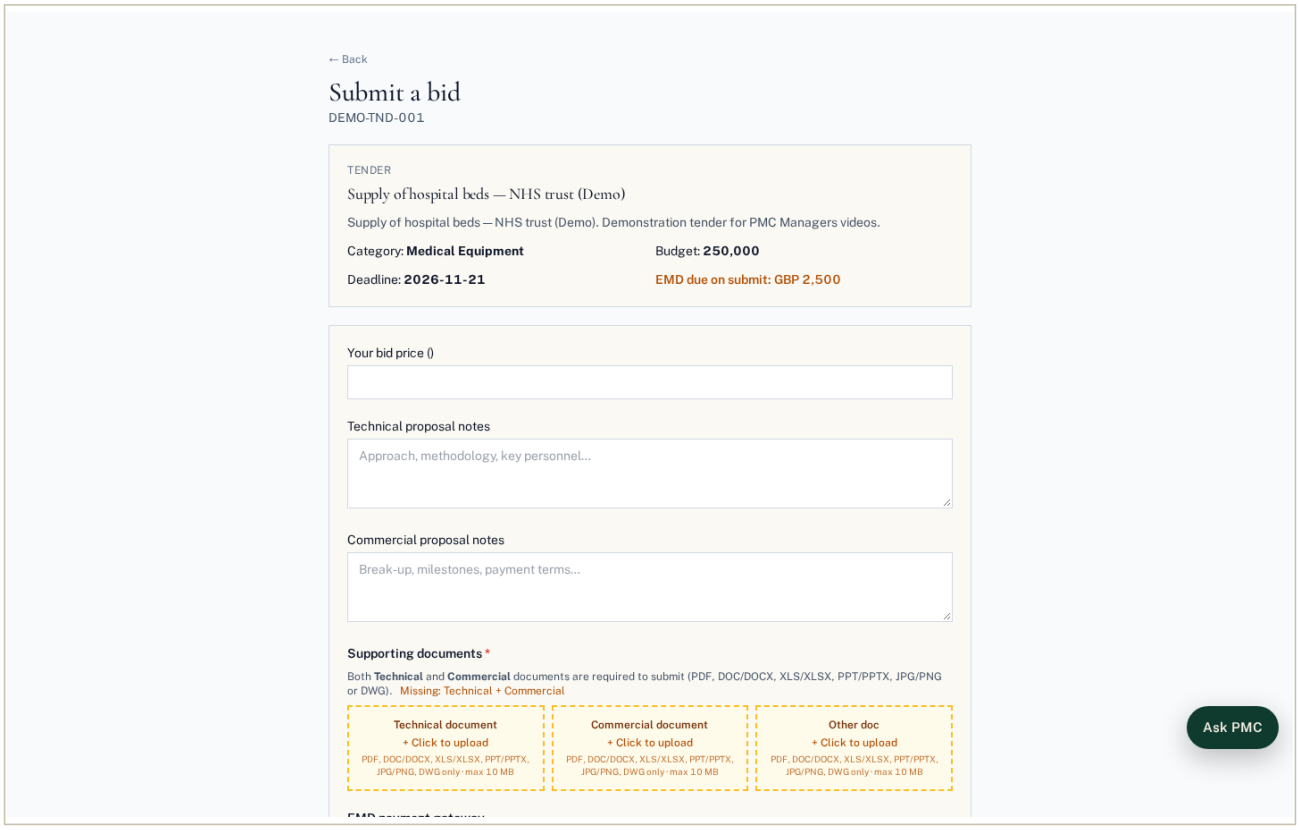

Steps

1. Open the tender and click Bid. Read each criterion: Mandatory items must be answered with proof; optional items count towards the minimum.
2. Attach proofs (PDFs or images read best). Enter the price and pay the EMD if required.
3. Submit. Answers, proofs and price are encrypted — nobody can see them before the committee opens the bids.
4. After the technical opening you get a result notice by email and under My bids.

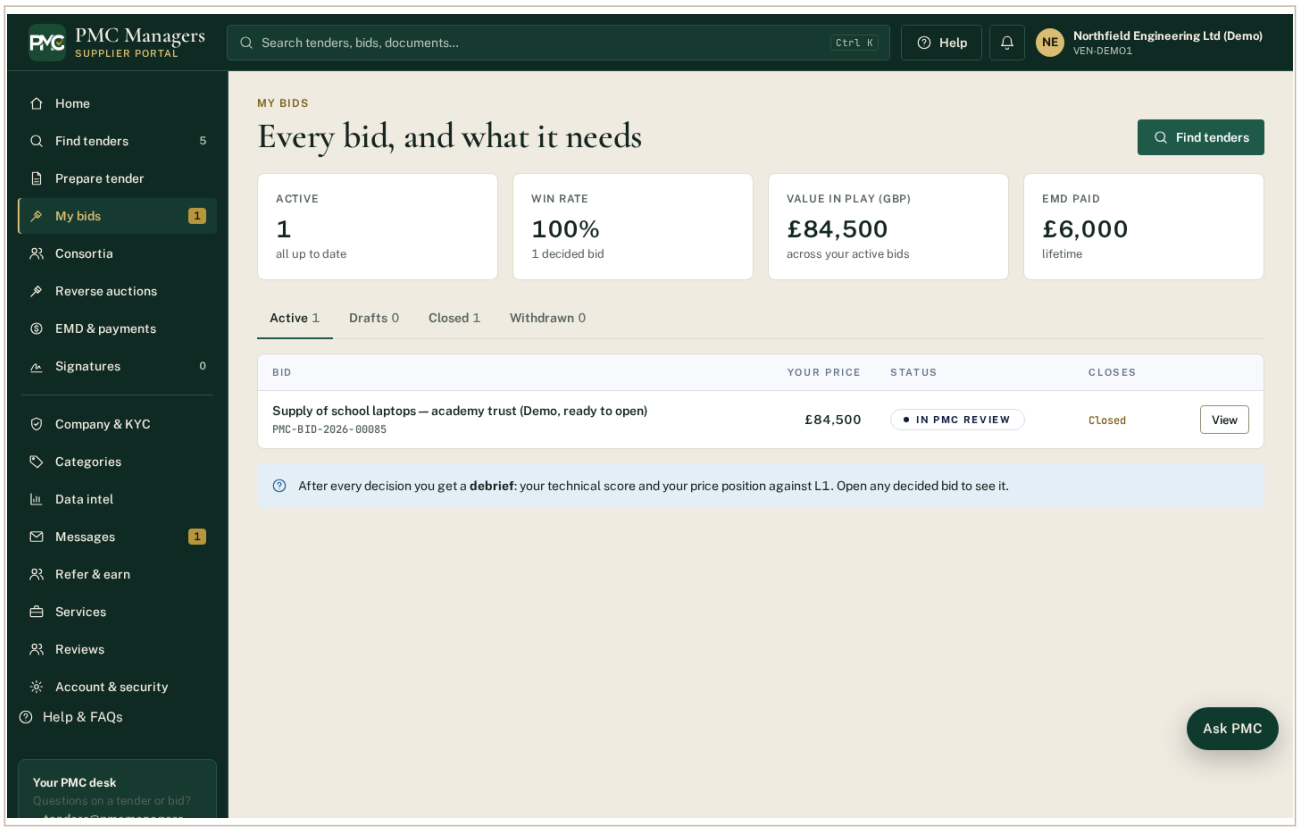

Tenders for you

Prepare a bid

My bids

Practice tasks

- Submit a practice bid on a demo tender
- Find your result notice

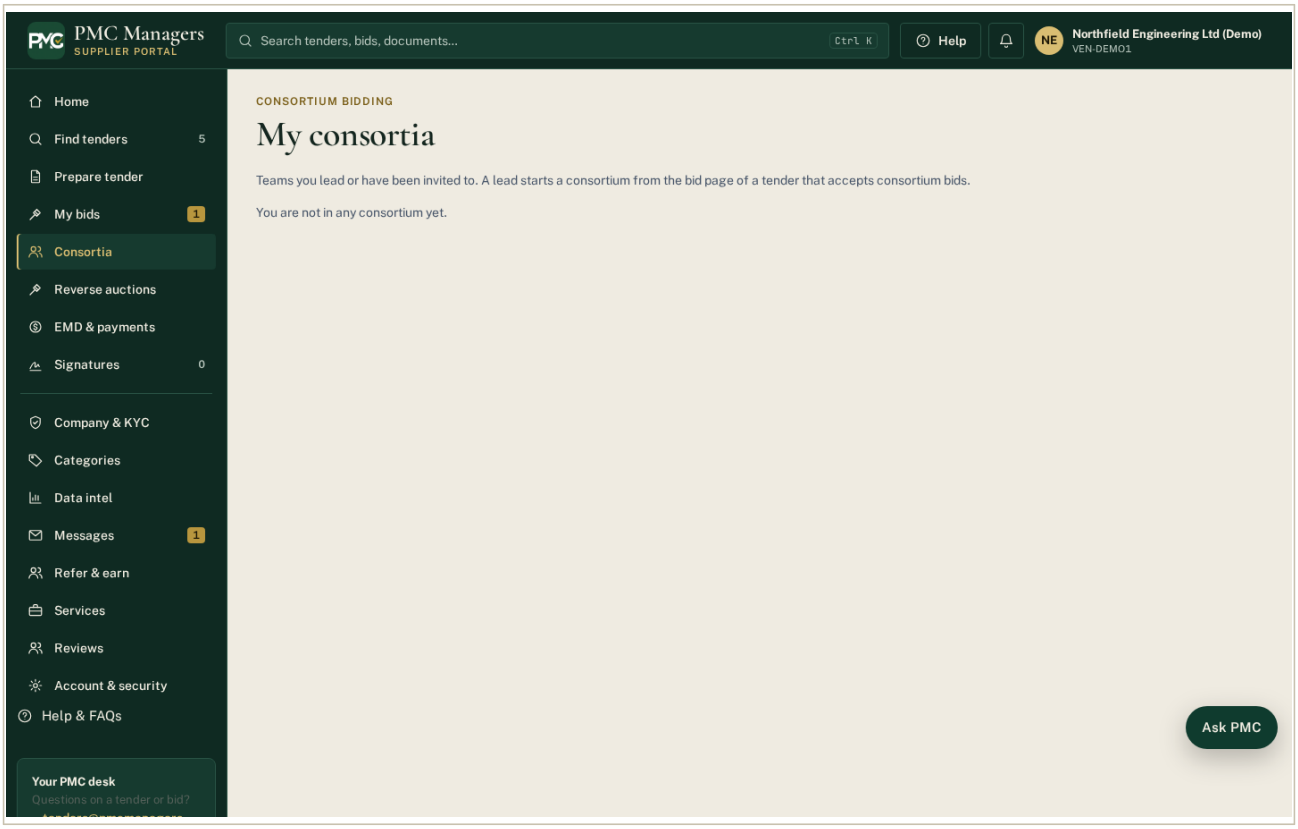

Module 7 — Consortium bids

For: Supplier, Admin

Steps

1. The lead supplier chooses Bid as consortium lead, invites registered suppliers and sets shares (total 100%).
2. Members accept and everyone signs the consortium agreement. Criteria are checked for the lead, combined or every member as set per criterion.
3. On award, escrow creates a payment instruction per member; each member sees its payout and bank reference in the portal.

Consortia

Practice tasks

■ Form a 3-member consortium on a demo tender

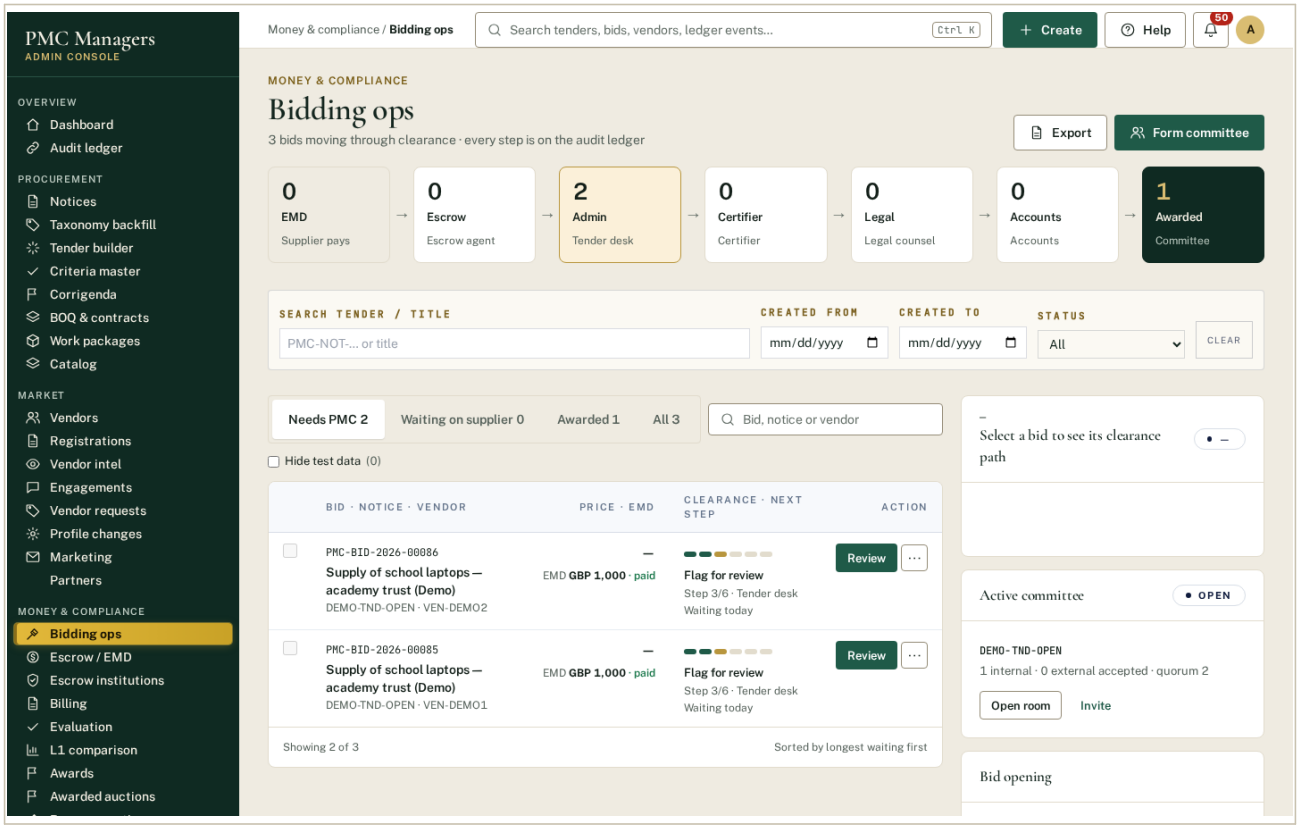

Module 8 — Opening, AI proof review and doubts

For: Committee

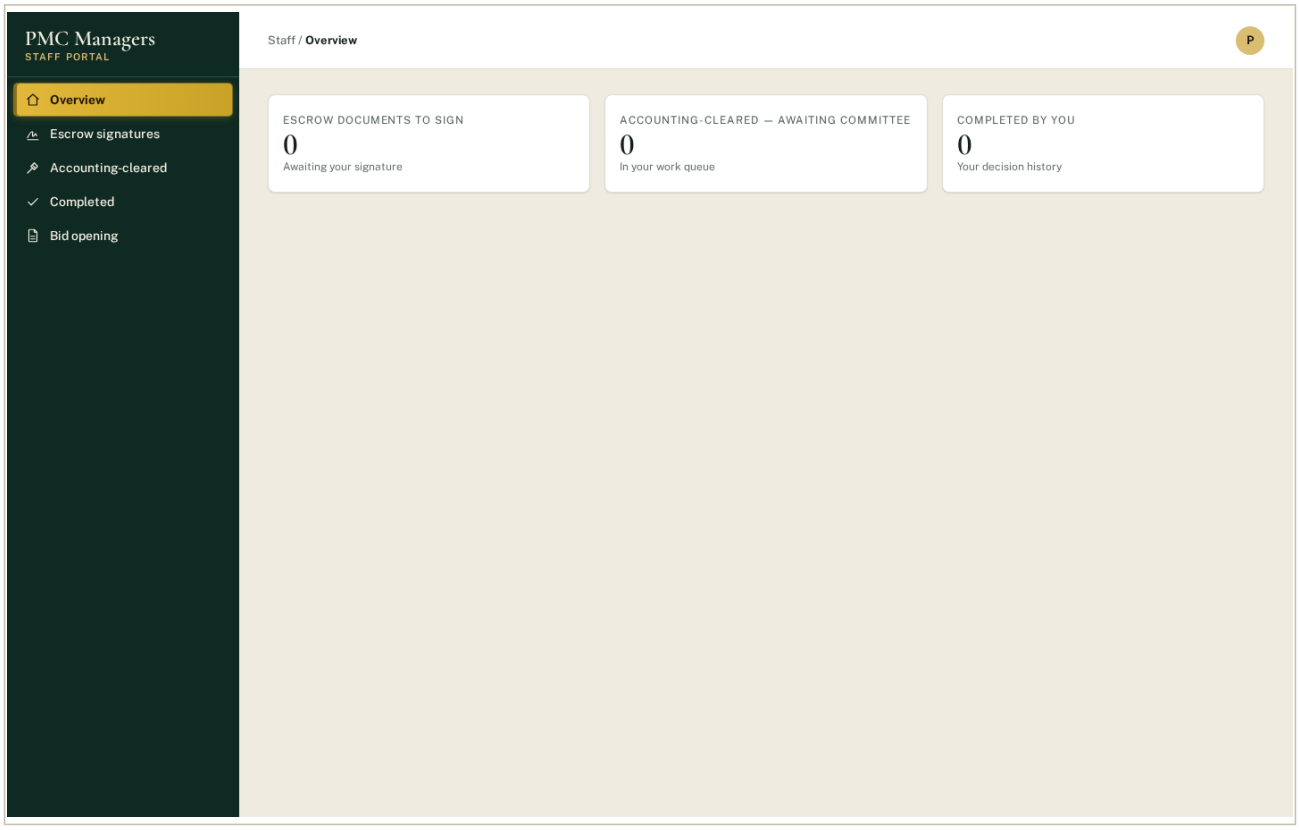

Steps

1. After the deadline and opening date every committee member signs the technical opening (Bidding ops or Staff portal).
2. The system checks every bid against the criteria and notifies suppliers. Qualified bids go to proof review.
3. The AI reads each must-pass proof and reports Matches / Does not match / Unclear with the figure it found.
4. Every committee member clicks Accept or Reject on each proof (comment required to reject). All must accept; one rejection fails that proof.
5. Raise a doubt on any item if needed and resolve it with a note. Download the proof check report (PDF) for the tender file.

Bidding ops

Staff portal (committee)

Practice tasks

- Review the proofs of one bid
- Download the proof check report

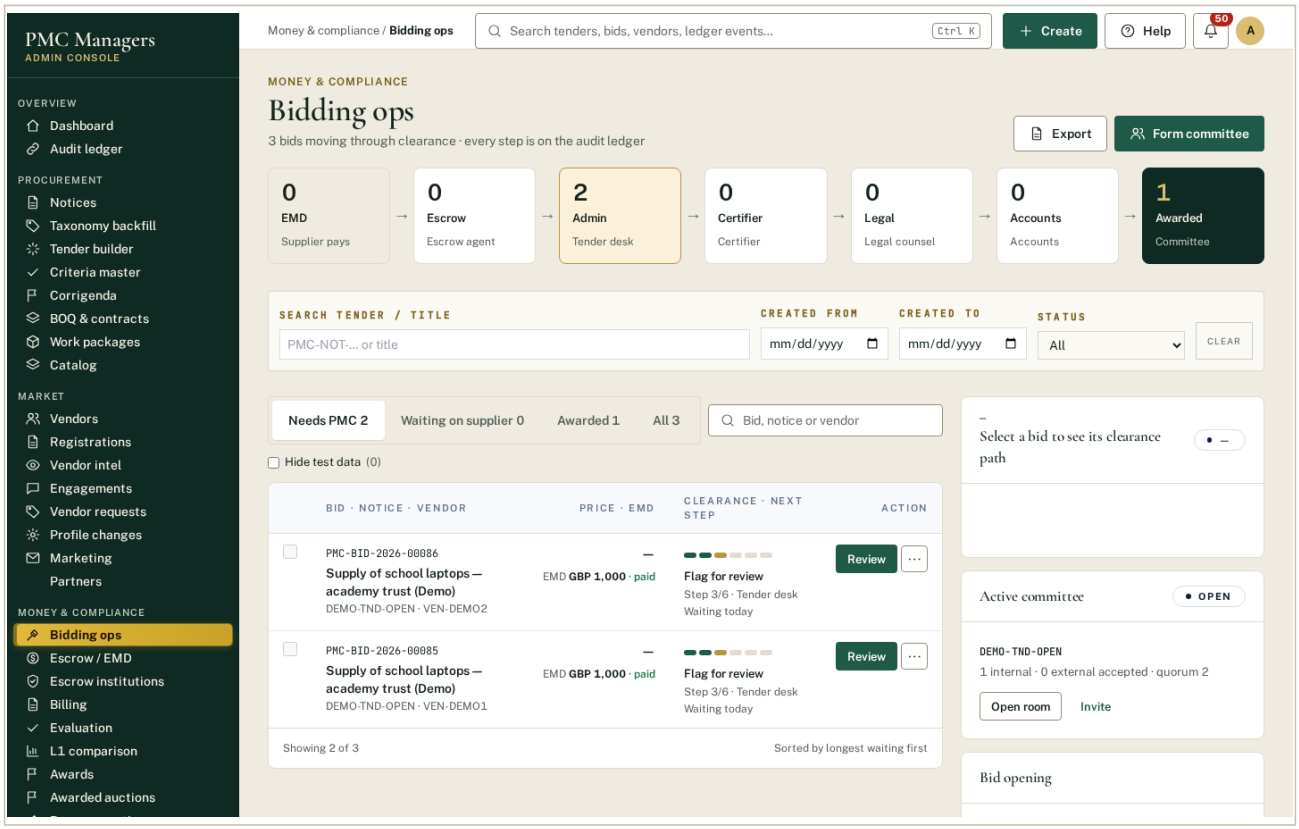

Module 9 — Price opening, L1 and award

For: Committee, Admin

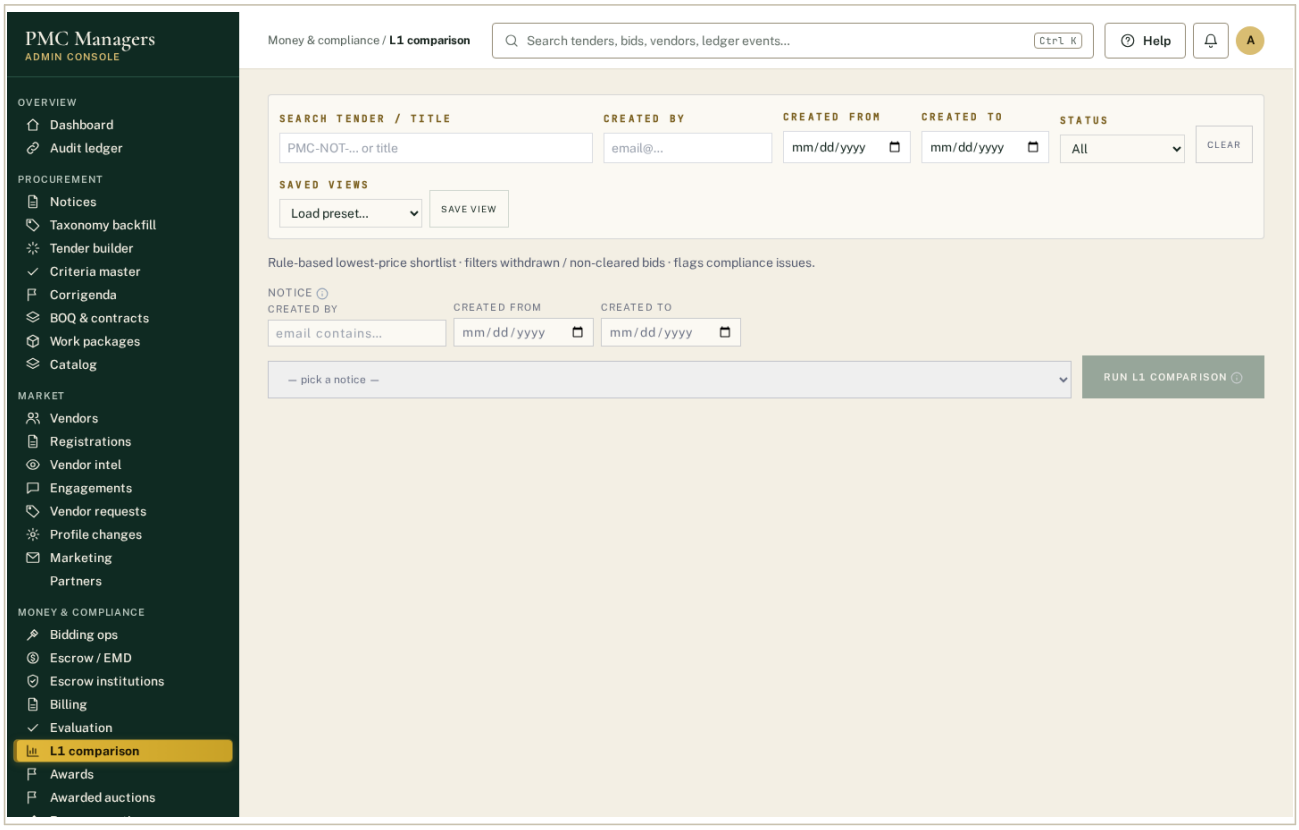

Steps

1. When every proof is decided, all members sign the price opening. Only qualified bids' prices are opened.
2. L1 ranking runs automatically and appears on the opening card.
3. For L1 tenders a committee member clicks Award to L1, adds a note and confirms. The L1 bid must have certifier, legal and accounting clearances first.
4. For weighted tenders use Evaluation > Award recommendation report.
5. Award letters and contracts appear under Awards.

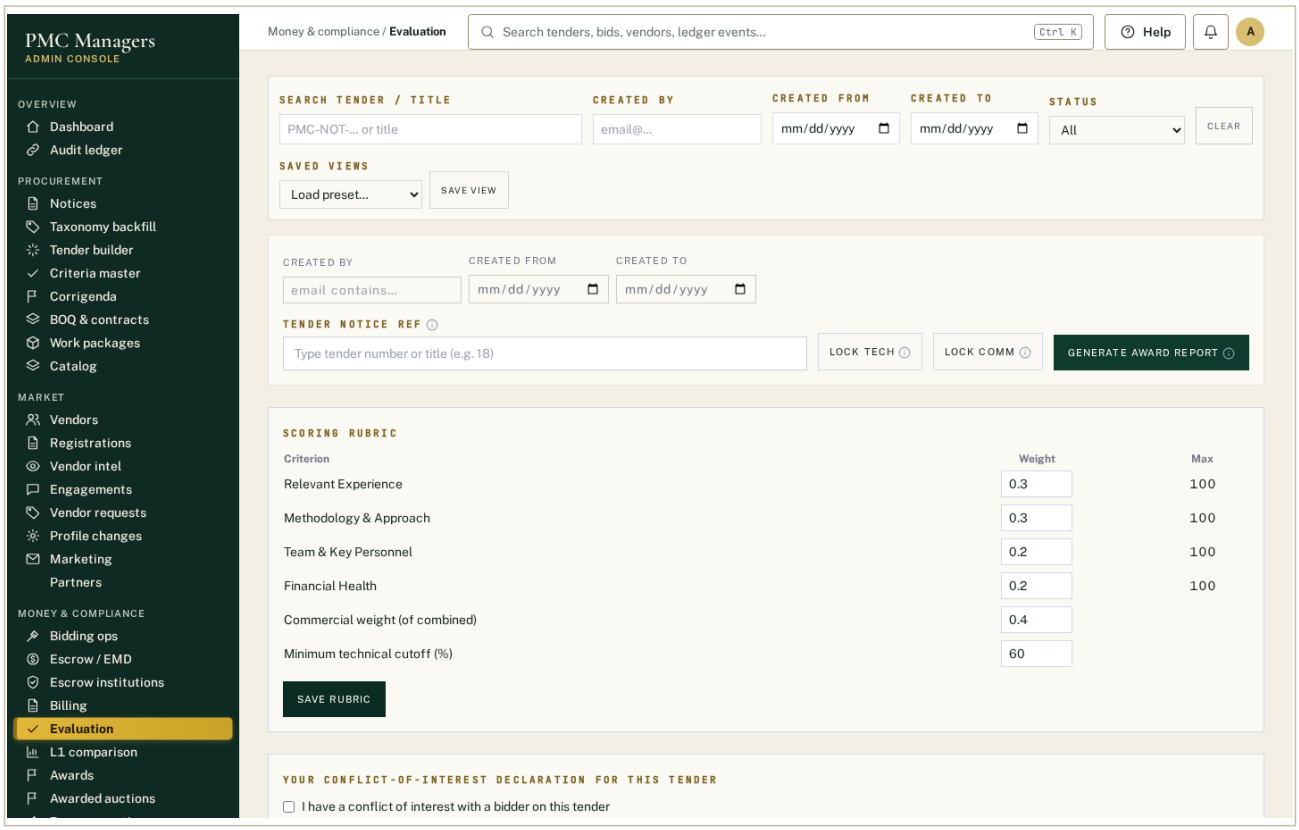

Bidding ops

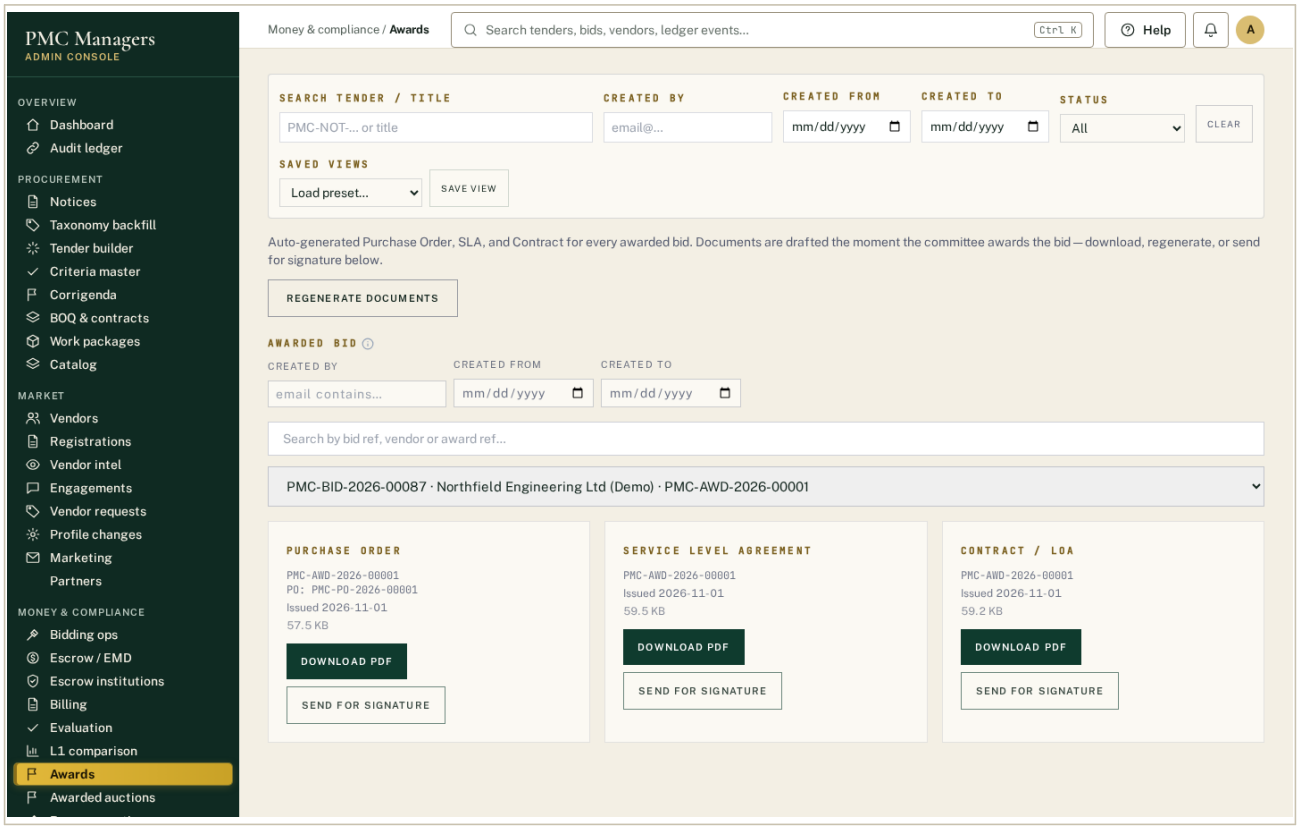

L1 comparison

Evaluation

Awards

Practice tasks

■ Award a demo tender to L1

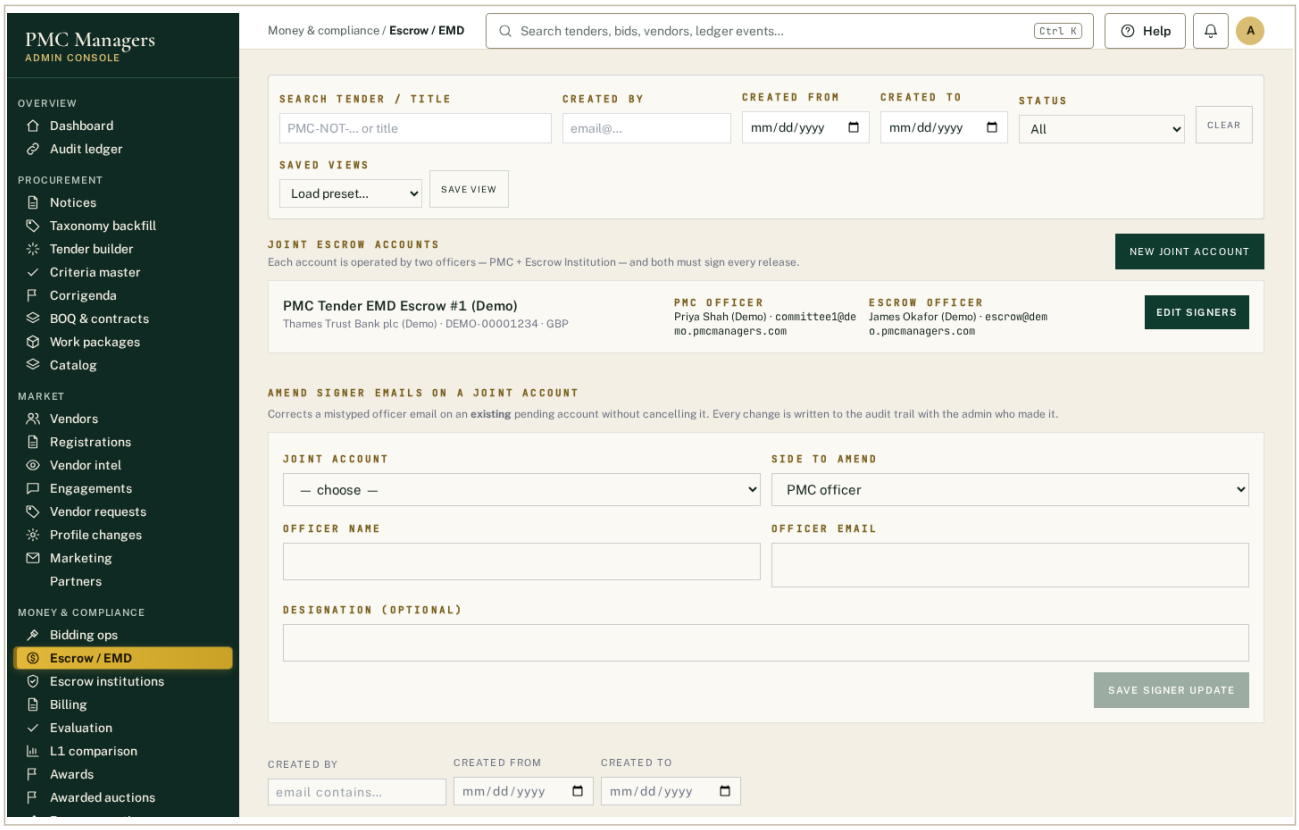

Module 10 — Escrow and payouts

For: Escrow officer, Accounts

Steps

1. EMDs and award payments are held in escrow. Releases need two signatures.
2. For consortium awards, record each member's bank transfer reference and mark it paid. Download the payout report for audit.

Escrow / EMD

Practice tasks

■ Record a member payout reference

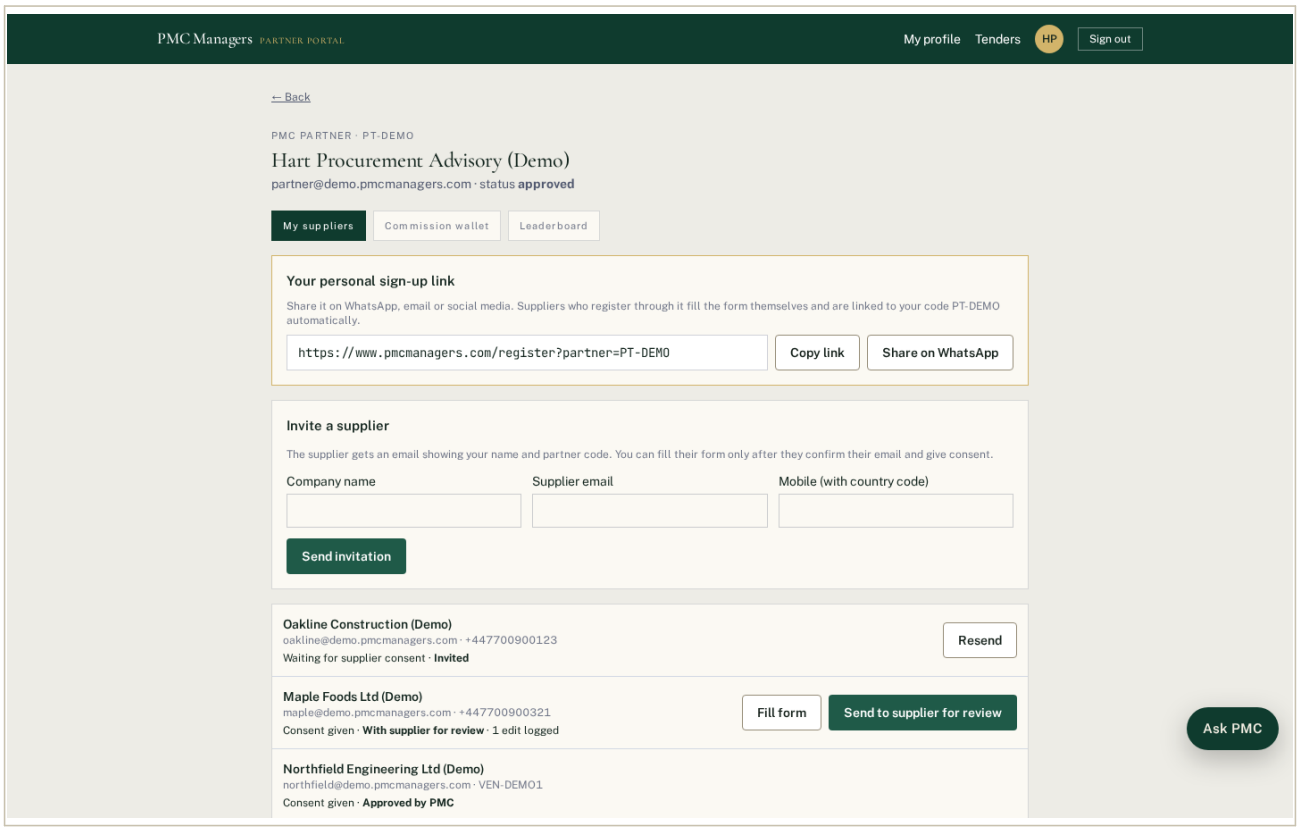

Module 11 — Partners

For: Partner, Admin

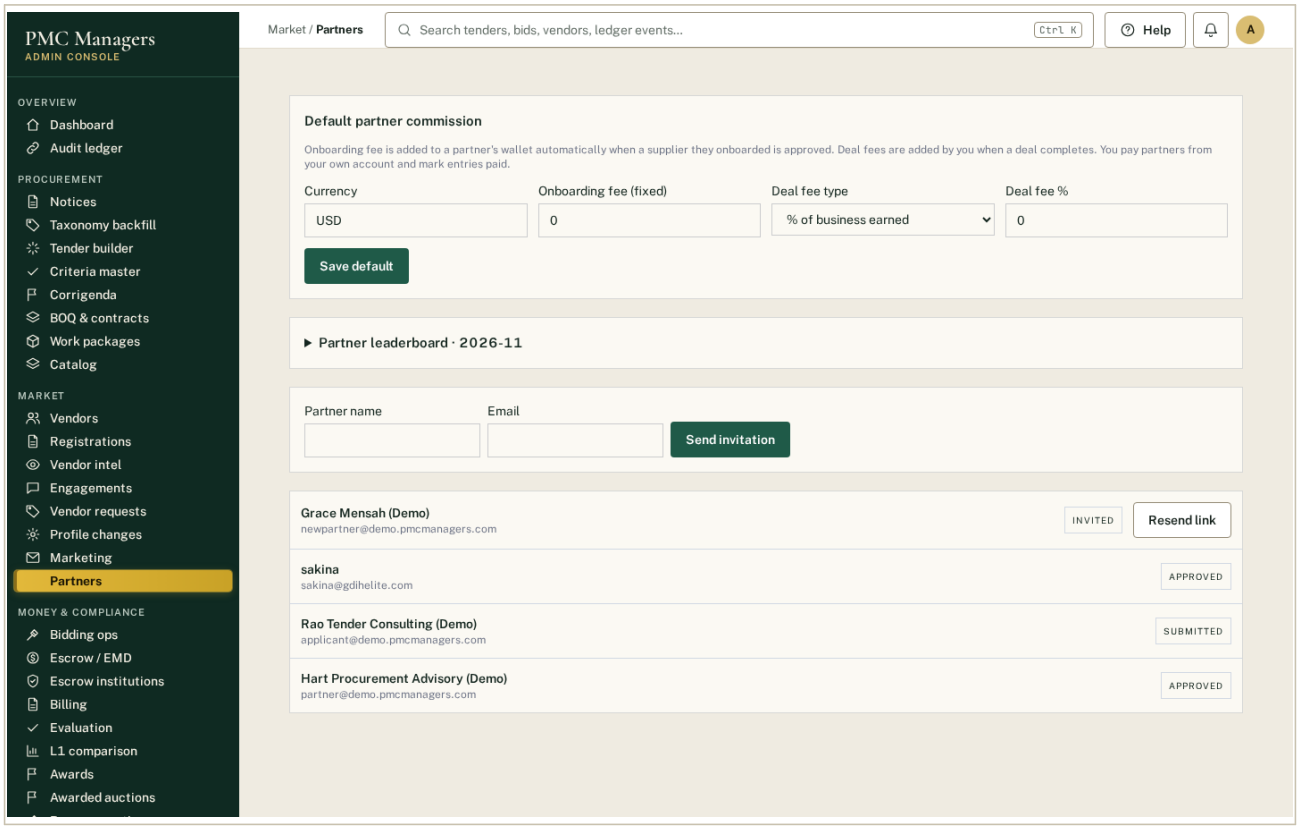

Steps

1. Admin invites a partner; the partner completes four sections (profile, banking, documents, agreement) — the progress bar shows how far they are.
2. Reminder emails go out 3 and 7 days after joining if unfinished. Admin can edit details in the same 5-section form and approve.

Partner profile

Partners

Practice tasks

■ Invite and approve a partner

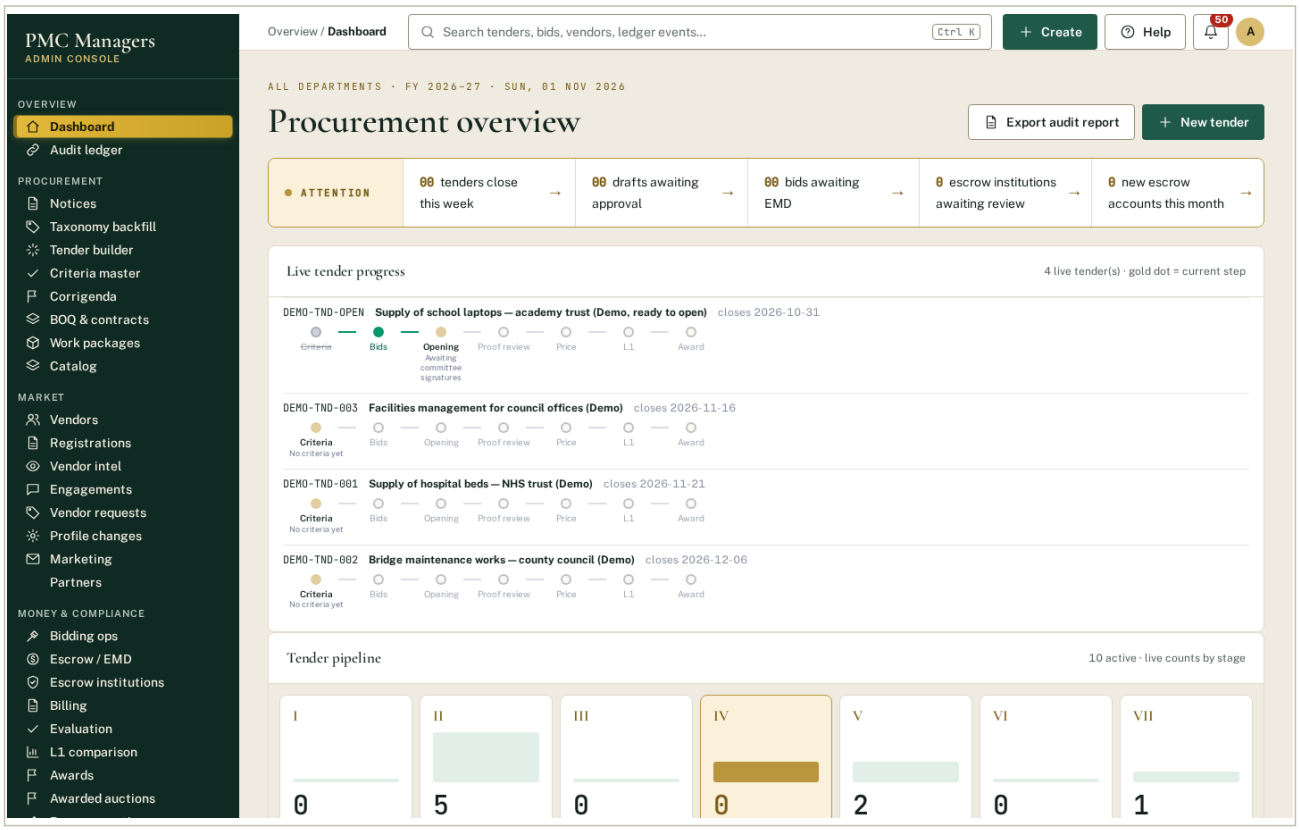

Module 12 — Monitoring, governance and audit

For: Admin

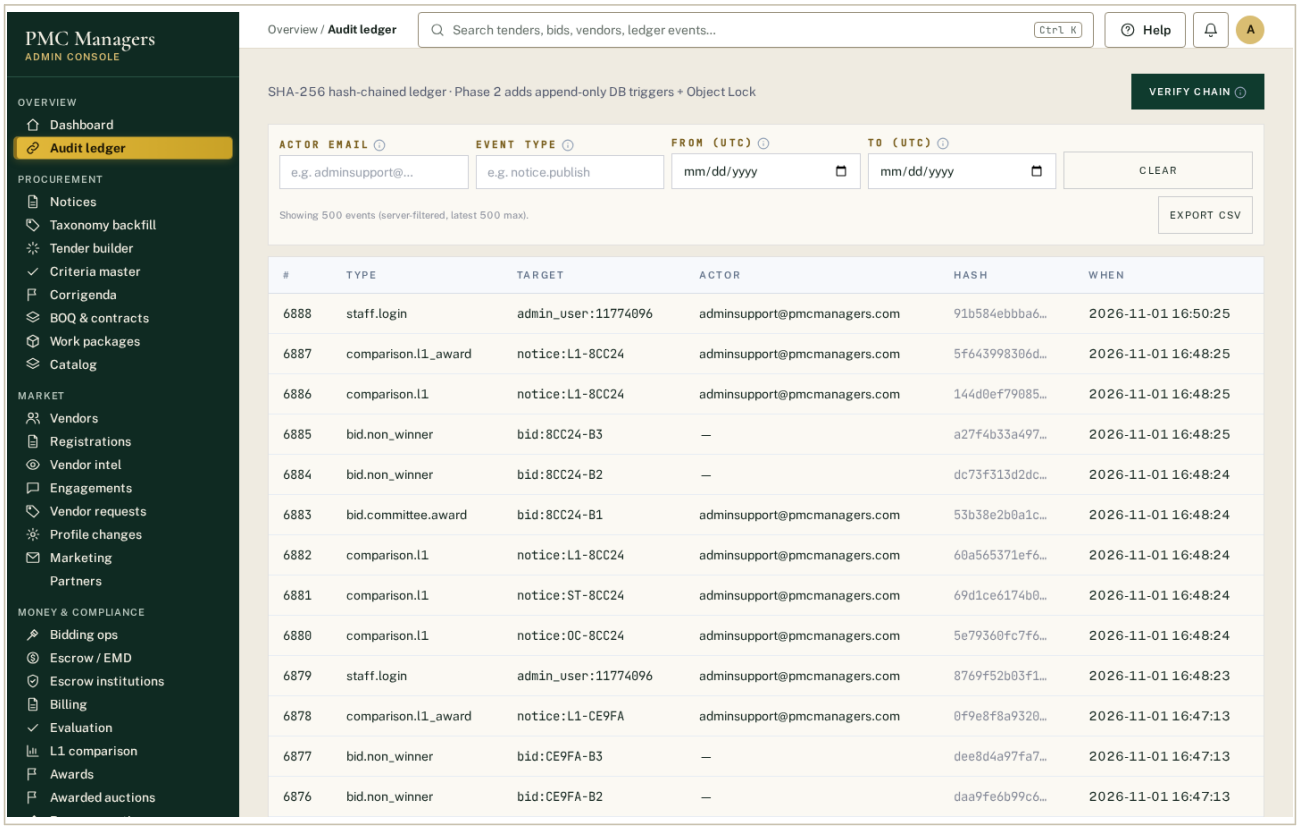

Steps

1. Use the dashboard's Live tender progress to spot stalled tenders (gold dot = current step).
2. Audit ledger records every action; Verify chain checks nothing was altered.
3. Permissions controls roles and the sign-off order.

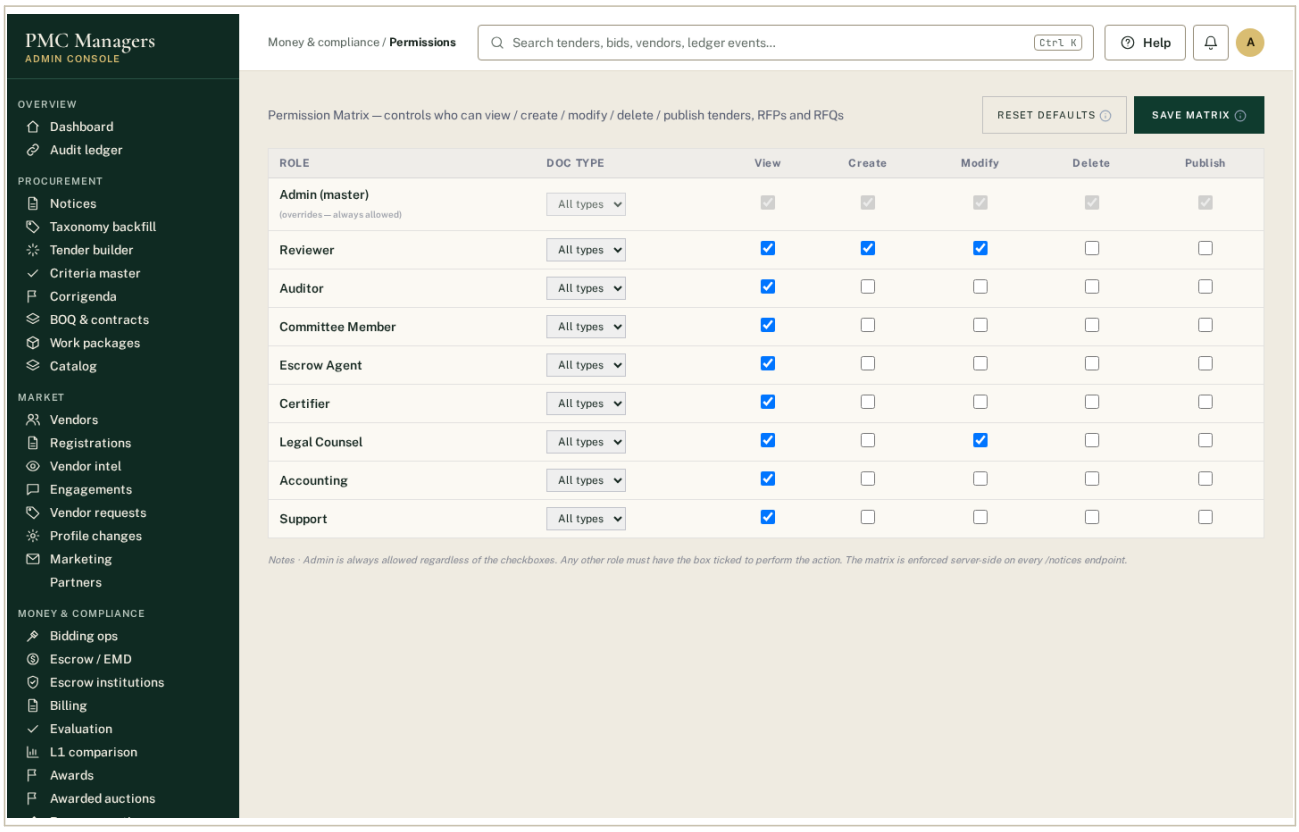

Admin dashboard

Audit ledger

Permissions

Practice tasks

- Find the oldest stalled tender
- Verify the audit chain

Quick reference — who does what

Supplier	Register, KYC, bid with proofs, consortium, see results and payouts
Admin / buyer	Build tenders, criteria, publish, manage suppliers and partners
Reviewer	Approve supplier-prepared tenders; edit criteria master
Committee member	Sign openings, review proofs, doubts, score, award
Escrow officer / accounts	EMD, dual-signed releases, payouts, reports
Partner	Onboard suppliers, earn commission
Auditor	Read audit ledger and reports
